"Wish you were here!"
That is the message Alaska
needs to get out to potential
visitors. With your help and
support of HB 167 we can get
the message out and bring the
visitors here, who will spend
their money here to keep employment
strong and keep/maintain a healthy
economy.

"Wish you were here!"
That is the message we need
to send out to potential visitors.
With your help on HB 167 the
state of Alaska can make that
happen. With your store on
Franklin I know I don't have to
tell you how important marketing
is.
